SHANNON MARTIN ■ COLLEEN SIMMONS

To Whom it May Concern,

I have worked with Museum Quality Restoration for the past 8 years. I have found Mark Frye to be professional, courteous, and attentive to my business needs.

Our firm is a high end interior design company specializing in custom made furniture, as well as antiques.

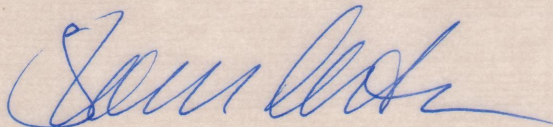

Many pieces selected for our homes are imported from around the world, and are in need of repair due to their age.

Mark is a talented artist that can repair the seemingly un-repairable. A 150 year old porcelain vase with a broken handle, a Han Dynasty terracotta figure, or your grandmother's chipped platter. No job is ever too big or too small for Mark.

His talent does not stop though, with repairs of smaller items. He is a master finisher of cabinetry and furniture as well. 200 year old Armoires, antique consoles, tables or chairs that look like they have been buried underground for eons all return from his capable hands looking refreshed and renewed. We use Mark exclusively for our repairs and I highly recommend him. He has an excellent eye for color and the flawless results have the look and touch of the most elegant of designer furnishings.

I'm sure you will find the same qualities in Mark that I have described should you decide to entrust your repair/refinishing needs to him.

Sincerely,

Shannon Martin
