Museum Quality Restorations

Dear Mark,

The purpose of this letter is to thank you for the wonderful job you did restoring our antiques and color matching [perfectly] for the dining chairs you refinished.

What we especially appreciated was the way you planned the various jobs, made a photographic record at various stages of the work, kept us informed and your delivery, ON TIME. Your craftsmanship and attention to the smallest detail was impressive. Obviously, you love what you do.

We can wholeheartedly recommend you to others and would be happy to do so. You may use our name. If a prospective customer would like to contact us as a reference, we would be pleased to speak with them.

My cell is [206 696 3300](tel:2066963300).

Thanks again for skill and craftsmanship.
