To Whom It May Concern:

Recently, I had the need of a highly skilled and knowledgeable furniture artisan for an especially detailed, labor intensive restoration project. My sixteen custom made dining room chairs with bone overlay were damaged by water. I found these qualifications in Mark Fry of Museum Quality Restoration Services, who took on this job while the most highly recommended furniture refinishers in Los Angeles would not.

Museum Quality Restoration is exactly what Mark delivered. He knew exactly how to tackle this difficult project, when others could only guess. Mark kept me updated on the progress of the work, and delivered the beautifully refinished chairs when promised.

Mark's pride in workmanship and attention to detail was evident in the completed project. I would definitely recommend Museum Quality Restoration Services and Mark Fry.

Sincerely,

Harold Matzner
