

LYMAN DRAKE ANTIQUES, INC.

January 3, 1986

TO WHOM IT MAY CONCERN:

Mark Fry of Museum Quality Restoration Services has done furniture restoration for my business on many occasions over the last five years. His work has always been of outstanding quality. He does his repairs in a manner consistent with the original cabinetmaker's techniques and thus preserves the structural integrity of the piece. This often entails taking a piece apart and completely rebuilding it.

Fry is also an expert at touch-up and refinishing. He makes his repairs as invisible as one could hope for.

We find that Fry's work enhances the value of every piece we send him. We choose Fry when we have a high quality antique and want the job done right.

Sincerely,

Lyman Drake, President
